■ Overview of each IR site evaluation organization and details of awards received by ITOCHU ENEX

All Japanese Listed Companies' Website Ranking 2022 by Nikko Investor Relations Co., Ltd.

The ranking is created by survey and selection of sites from among all 3,926 listed companies in Japan based on 169 objective evaluation criteria set from three viewpoints: ease of understanding, ease of use, and quantity of information; to what extent they are equipped with elements that enable company stakeholders to acquire information and understand the company's current situation.

Our website was selected as one of the best sites, first in FY2019, and now for the fourth successive year.

BroadBand Security, Inc. Gomez IR Site Ranking 2022

The ranking reflects the results of a survey of the websites of 3,797 listed Japanese companies

according to 241 criteria in four categories: website usability, adequacy of financial and business performance information, adequacy of company and management information, and willingness and progressiveness in information disclosures.

As in FY2021, our website received a silver award. By category, our website was 36th out of 3,797 companies, with a high rating in willingness and progressiveness in information disclosures, and 12th out of the 378 companies in our industry (wholesale business).
