All Japanese Listed Companies' Website Ranking 2021 by Nikko Investor Relations Co., Ltd.

The ranking is created by survey and selection of sites from among all 3,888 listed companies in Japan based on 162 objective evaluation criteria set from three viewpoints: ease of understanding, ease of use, and quantity of information; to what extent they are equipped with elements that enable company stakeholders to acquire information and understand the company's current situation.

Our website was selected as one of the best sites, first in FY2019, and now for the third successive year.

BroadBand Security, Inc. Gomez IR Site Ranking 2021

The ranking reflects the results of a survey of the websites of 3,745 listed Japanese companies according to 241 criteria in four categories: website usability, adequacy of financial and business performance information, adequacy of company and management information, and willingness and progressiveness in information disclosures.

ITOCHU ENEX received a bronze award in 2020, and received a silver award for the first time for its evaluation in 2021. By category, our website was 28th out of 3,745 companies, with a high rating in willingness and progressiveness in information disclosures, and 11th out of the 312 companies in our industry (wholesale business).
